CAREER

- 2009- Engineer, Field Crops Central Research Institute - ANKARA
- 1996-2009 ,Engineer, Geçitkuşığı Directorate of Agricultural Research Institute - ESKİŞEHİR
- 1993-1996 General Administrative Service, Police Department
- 1990-1996 Engineer, Private Sector NEVŞEHİR

ABOUT ME

I was born in Ankara in 1968. After completing his primary school in Iğdır, secondary and high school education in Ankara, I graduated from Ankara University, Faculty of Agriculture, Department of Food Science and Technology in 1990. In 1990, Asya Fruit Juice and Food Industry Inc. I worked in its factory and in Ankara Police Department between 1993-1996.

Between 1996 and 2009, I worked at Eskişehir Transition Zone Agricultural Research Institute affiliated to the Ministry of Agriculture and Forestry. Then I was appointed to Ankara Field Crops Central Research Institute in 2009 and I am still working at the same Institute. I took part in projects and studies related to grain and legumes quality.

■ **PROJECTS**

■ **Projects Conducted**

1. National Winter Slice Bread Wheat Quality Studies
2. National Cool Climate Cereals Summer Slice Bread Wheat Quality Studies
3. National Cool Climate Cereals Winter Slice Durum Wheat Quality Studies
4. National Cool Climate Cereals Summer Slice Barley Quality Studies
5. National Cool Climate Cereals Winter Slice Barley Quality Studies
6. National Cool Climate Cereals Summer Slice Durum Wheat Quality Studies
7. National Chickpea Breeding Studies - Continuous Project
8. National Sunpest Project (ATAEM Slice)
9. Determination of Biscuit Quality of Some Bread Wheat Varieties and Advanced Stage Lines Developed by Anadolu Agricultural Research Institute
10. Eskişehir Province Quality Map-Evaluation of Bread Wheat Planting Areas in Terms of Quality
11. Anadolu Agricultural Research Institute Determination of Quality Characteristics of Winter Bread and Pasta Wheat Breeding Material
12. Determination of the Relationships Between Nitrogen Dose, Sowing Time and Frequency and Quality Criteria in Bread Wheat
13. Bread Wheat Breeding Studies in the Passage Area Dry
14. Bread Wheat Breeding Studies in Gateway Area Irrigated
15. Transition Zone Durum Wheat Breeding Studies
16. Investigation of the Effect of In-season Nitrogen Fertilizer Management Systems on Yield and Quality of Bread Wheat in Eskişehir Conditions

■ **Ongoing Projects**

1. Central Anatolia Region Durum Wheat Quality Studies
2. Lentil Breeding Studies in Central Anatolia Region
3. National Edible Grain Legumes Quality Studies
4. Chickpea Breeding Studies in Central Anatolia Region
5. National Chickpea Breeding Studies
